Parent Edge and the MI Forefront Team Present
Youth Suicide Prevention for Parents

Come and learn the evidence-based prevention strategies that you can use to help a youth in crisis stay safe and get support. Presented by MI Forefront Team. Just like first aid and CPR, this is valuable knowledge for everyone to have in their toolkit to support a healthy family and community.

Visit www.intheforefront.org for more information on this important topic.

What prior attendees have said:

- *Very helpful to remind and reinforce ways to talk with my children.*
- *I liked the role-played examples of specific conversations. Thanks for bringing this to our attention.*
 - *I wish I had this training last year! It was great!*
